Dr. George Hashim
Council for Tobacco Research, Inc.
900 3rd Avenue
New York, NY 10022

Dear Dr. Hashim:

I acknowledge with thanks the check for $1,500 from the Council for Tobacco Research, made out to the Research Foundation for Mental Hygiene, in support of the colloquium dealing with perinatal nicotine effect that I am organizing during the International Society for Developmental Neuroscience meeting this summer in Tampere, Finland. In the meantime, we have received further support of $2,200 from the organizers, and we are still trying to raise additional funds to cover the costs of registration, travel, and hotel for the invited speakers.

We are grateful for the generous help of the Council. I am sure the colloquium will be of high level, and will be of significant help to the people doing research in this area.

I have forwarded the check to our Business Officer, Mr. Nathan Bard, and I asked him to also send you a written acknowledgment. We will not use these funds to reimburse expenses incurred by participants from the industrial sector.

Sincerely,

Abel Lajtha, Ph.D.
Director
